

MEDAL POLICY

OUTDOOR SEASON 2025

England Athletics is a Registered Company No 05583713

ENGLAND ATHLETICS

OVERVIEW

This policy outlines the procedure for allocating medals at an England Athletics open championship.

ELIGIBILITY

Only athletes registered with an England Athletics affiliated club are eligible for national title championship medals. Home Country and guest athletes will receive a guest medal if they have placed in the top three overall at the competition. For the avoidance of doubt, foreign athletes who are first claim members of an English club will be eligible for championship medals.

MEDALS

There will be medal presentations based on age groups which will take place throughout the event. National title Championship medals will be awarded to athletes eligible by first claim club status to an English club.

Guest medals - allocated to athletes who are not members of England Athletics affiliated clubs - will be allocated in the medal ceremonies area and where practicable on the podium with the English Championship medals. Guest medals will only be issued to those athletes positioning 1st, 2nd or 3rd within the overall competition. The guest competition is not a separate competition to the overall championships.

Medals will be awarded for the following age groups:

- Senior
- U23
- U20
- U17
- U15

U23 Medals

U23 Medals within the Senior Championships will be issued on count back once the final of the event has been completed.
