

England Athletics Clean Sport Education Implementation Plan 2026

England Athletics will operate under the UKA sport wide [Clean Athletics Strategy 2023-2026](#). The implementation plan will meet the vision and ambitions of the UKA Strategy and the requirements for the UKAD Assurance Framework, as well as key aims agreed with the England Athletics Board. England Athletics will continually review, with UKA and the other Home Country Athletics Federations the delivery and success of the overarching strategy as well as the implementation plan.

Aim	Target audience	Action	Delivery means/dates	Success Measures	Review
To have clearly identified England Athletics Board member and staff responsible for Clean Sport	Leadership 1. England Athletics Board Champion 2. Talent Director 3. Teams Operations Manager 4.
